

Discussion Questions

- Will the proposed guiding principles help ensure that the siting process is **fair** and **appropriate**?
- Why? Why not?
- Are there any critical **gaps**?
- What **additions** and/or **revisions**, if any, should be made?

Unpacking the 9 Steps

Discussion Questions

- Is this 9-step siting process **fair** and **appropriate**? Why? Why not?
- Are there any critical elements and considerations **missing** or not adequately addressed?
- How might we **strengthen** each of the individual steps and/or the process as a whole to make it as fair and appropriate as possible?
